

**IMMEDIATE RELEASE – December 1, 2003**

Naples Transportation & Tours Destination Services (NT&T) has just added four more new vehicles to its fleet for a **total of (29) vehicles, the largest in Southwest Florida!**

These additions will allow NT&T the greatest efficiency in terms of service, reliability, and flexibility for our clients. **Fleet consists of:**

**Sedans:** (7) total including all new and late model Lincoln Town Cars. Several are the L-series which are stretched in the back area for more room for the client's comfort and loaded with extra features. Also, (1) Lincoln Navigator used for special client requested transfers and site visits.

**Limousines:** (2) total consisting of Lincoln 120" Stretch vehicles that can accommodate up to 10 passengers. Both are 2002 and 2003 year with the new limousine having the exclusive BMW interior package with state of the art features.

**Executive Vans:** (5) total including all new and late model Ford series that accommodate up to 10 passengers with luggage.

**Mini-Coaches:** (6) total that accommodate from 25 to 33 passengers with luggage. The latest 2003 vehicle carries 33 passengers and is loaded with features including 5 TV monitors, reclining seats, overhead luggage storage, and PA system for our exclusive sightseeing tours and the Everglades and Naples.

**Trolleys:** (9) total that accommodate from 38 to 43 passengers. These unique vehicles are the client preferred choice for "Transportainment" around Southwest Florida. They are preferred for moving their attendees for activities, dine-arounds, sightseeing and shopping tours, and any other transportation service for a fun and memorable experience.

**Motor-Coaches:** NT&T has an exclusive partnership with a large firm that operates only these type vehicles out of Tampa. We have access to over (20) motor-coaches at any time that are all new and late model Prevosts and Van Hools. These are state of the art "Euro" design that are not available in Southwest Florida.

All of NT&T's vehicles are also equipped with the latest Nextel Direct Connect GPS monitoring and tracking system. This is unprecedented in Southwest Florida and brings the highest level of service to NT&T's clients.

For further information, please contact our Director of Sales, Jeff Richardson, to see how your company can benefit from working with NT&T Destination Services.
